We are looking for successful, solution-oriented projects within the intercultural dialogue!

The „Intercultural Achievement Award“ (IAA) is a key project of the intercultural dialogue. The award honours successful, innovative projects in the field of the intercultural dialogue, both in Austria and on a global scale. The award is open to all those who identify and make use of opportunities within intercultural communal life. It is also designed for those who have successfully explored new avenues within the intercultural dialogue, who have mastered a specific challenge through intercultural actions, and who have promoted the dialogue of cultures and religions through their media presence.

What criteria must be met? Both large- and small-scale projects implemented by organisations or individuals qualify as potential award winners. The IAA specifically promotes intercultural projects within the areas of **education, youth, women, migration** and **integration**. The projects either have to be in the process of being implemented or already concluded.

Who is eligible to apply? Applications are open to both non-profit organisations (including non-government organisations as well as associations, foundations, charitable educational institutions or religious organisations) and commercial organisations. Government, science, research or international institutions are excluded from admission.

What prizes will be awarded?

- Category Sustainability: “Best practice project”
- Category Timeliness: “Best project with reference to current issues”
- Category Innovation: “Most innovative intercultural project”
- Category Media: “Best media contribution for intercultural understanding”

Specific criteria have to be met for each category. There will only be one winner per category.

Application Deadline: 4th April 2016, email to dialog@bmeia.gv.at
